Subject: RE: OECA PFAS tool_ check in on transition

Thanks, I noticed that too. That was about the 12th reschedule going back to December when I first asked for this meeting ...

Open to other ideas to move this along. Not sure OW would have any interest in discussing the transition of the tool from OECA to ORD.

Ex. 5 Deliberative Process (DP)

SO, in light of all that, who would you suggest meet in lieu of the AA, and what would we discuss?

Subject: OECA PFAS tool_ check in on transition

Hi all,

The OW-scheduled PFAS Data Explorer tool discussion was moved again to March 12, most likely due to their AA's schedule.

To keep the ball rolling Ex. 5 Deliberative Process (DP)

Andy - Could this be a good path forward? If so, who else from ORD (beside Bruce, Tim and yourself), OECA and OW should be included? The invite could probably come from Bruce's calendar.

Open to thoughts on this.

Thanks!
